Health & Safety Representative SHE Rep

FTS Safety offers a two day First Aid Level 1 training for unit standard 119567. This is the correct course for company compliance with the Department of Labour

What the law says, When there are 20 or more employees, For every group of up to 50 people in the workplace (or in the case of a shop or an office, For every group of up to 100 people) at least one Health & Safety Representative must be designated in writing. (Extracted from Occupational Health & Safety Act section 17)

Duration: 1 Day
Legislation: Section 17 & 18 of the Occupational Health and Safety Act
Objective: Personalized higher grade training projection towards legal compliance and focus on quality.

Our HSE Rep course will provide more than just a certificate. Students will leave with a clear understanding of their responsibilities and confidence to implement what they have learnt enabling them to effect the change needed to better promote safety and compliance

Our Course has intentionally been designed over one day and covers not only theory but also requires the student to role play many of the actual duties and responsibilities they would apply in the workplace

Subject Areas

- The role and function of health and safety representatives
- Communication between health and safety reps, Management and Employees
